Hello,

I am an educator, and have developed some free software to aid in the instruction of animal classification, "Animal I-Class". This software is distributed for free to teachers and students.

I am currently upgrading the software with more images, and found some on your website that I am interested in incorporating into the software.

May I use the following images in this free educational software?:

**a total of 1 or 2 lungfish images from these pages:**

**<http://www5b.biglobe.ne.jp/~tadahiro/aetio.htm>**

**<http://www5b.biglobe.ne.jp/~tadahiro/neocera.htm>**

Additionally, may I use those same images in the Web version of this software, which can be viewed at [www.scenicoregon.com/webanic/play.html](http://www.scenicoregon.com/webanic/play.html)?

Thank you for your time and consideration in this matter.  
Rick Bures
